

THE TAPESTRY TOOL

Aidin Niavarani, Bitu Jokar, Melanie Butt, Steven J. Barnes

A **nonlinear** multimodal platform designed by students, staff, and faculty at UBC. Concepts are presented as **nodes**, which connect to form a **tapestry**, allowing users to **integrate concepts**, presented within one space.

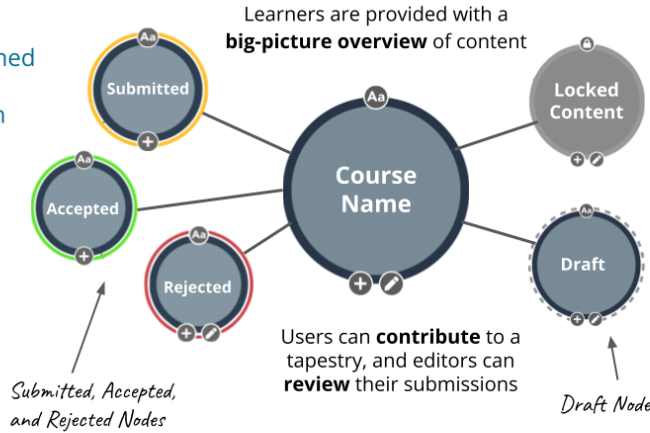

Intercultural Understanding module video created by Simon Lolliot and Linnea Ritland

Self-check question on personality disorders

Sample H5P Interactive Virtual Tour (360), created by Dr. Matthew Mitchell for LFS 250
